

Transforming Heathrow

Normand Boivin- Chief Operating Officer, Heathrow Airport

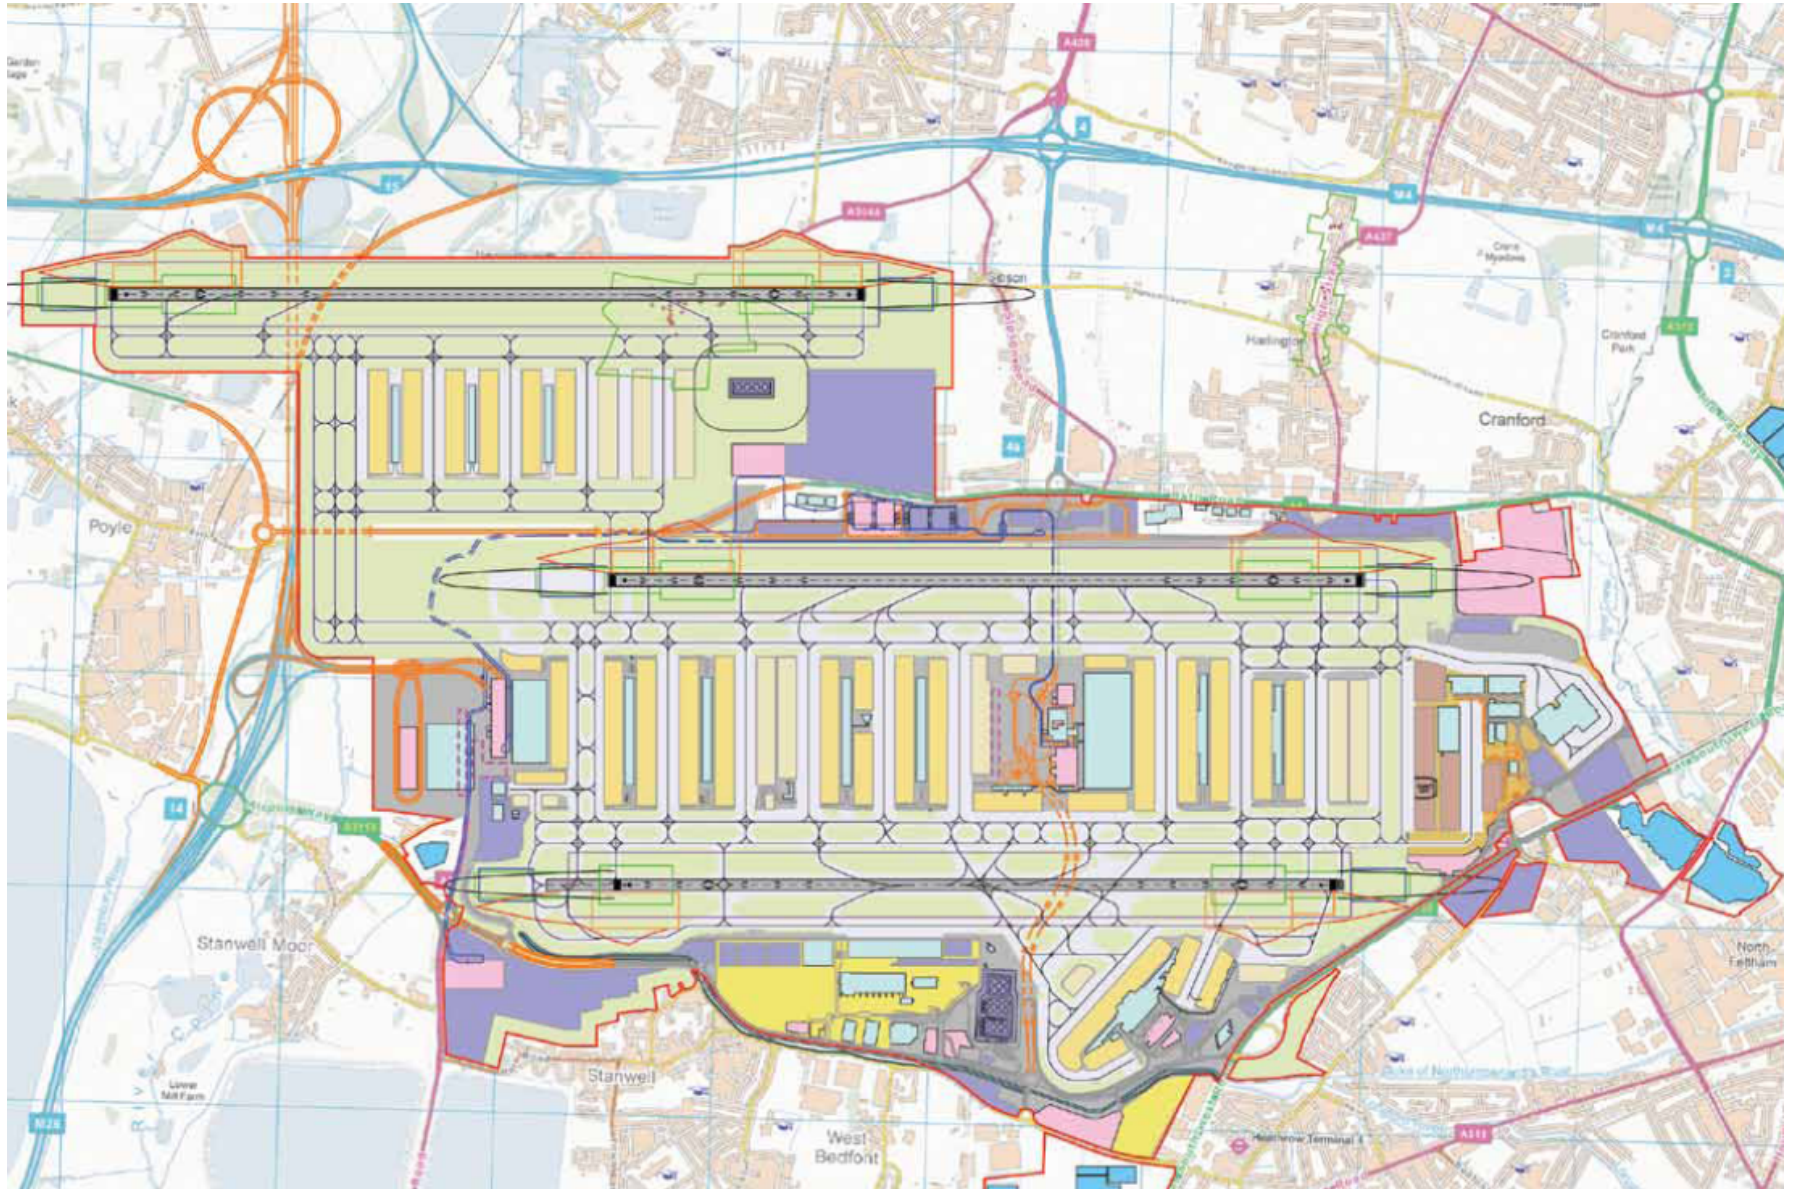

Heathrow is transforming...

Today we have 2 runways and 5 terminals

And we have plans to expand

Support is growing

Chambers of commerce across UK

UK airports

Manufacturers, construction, exporters & others

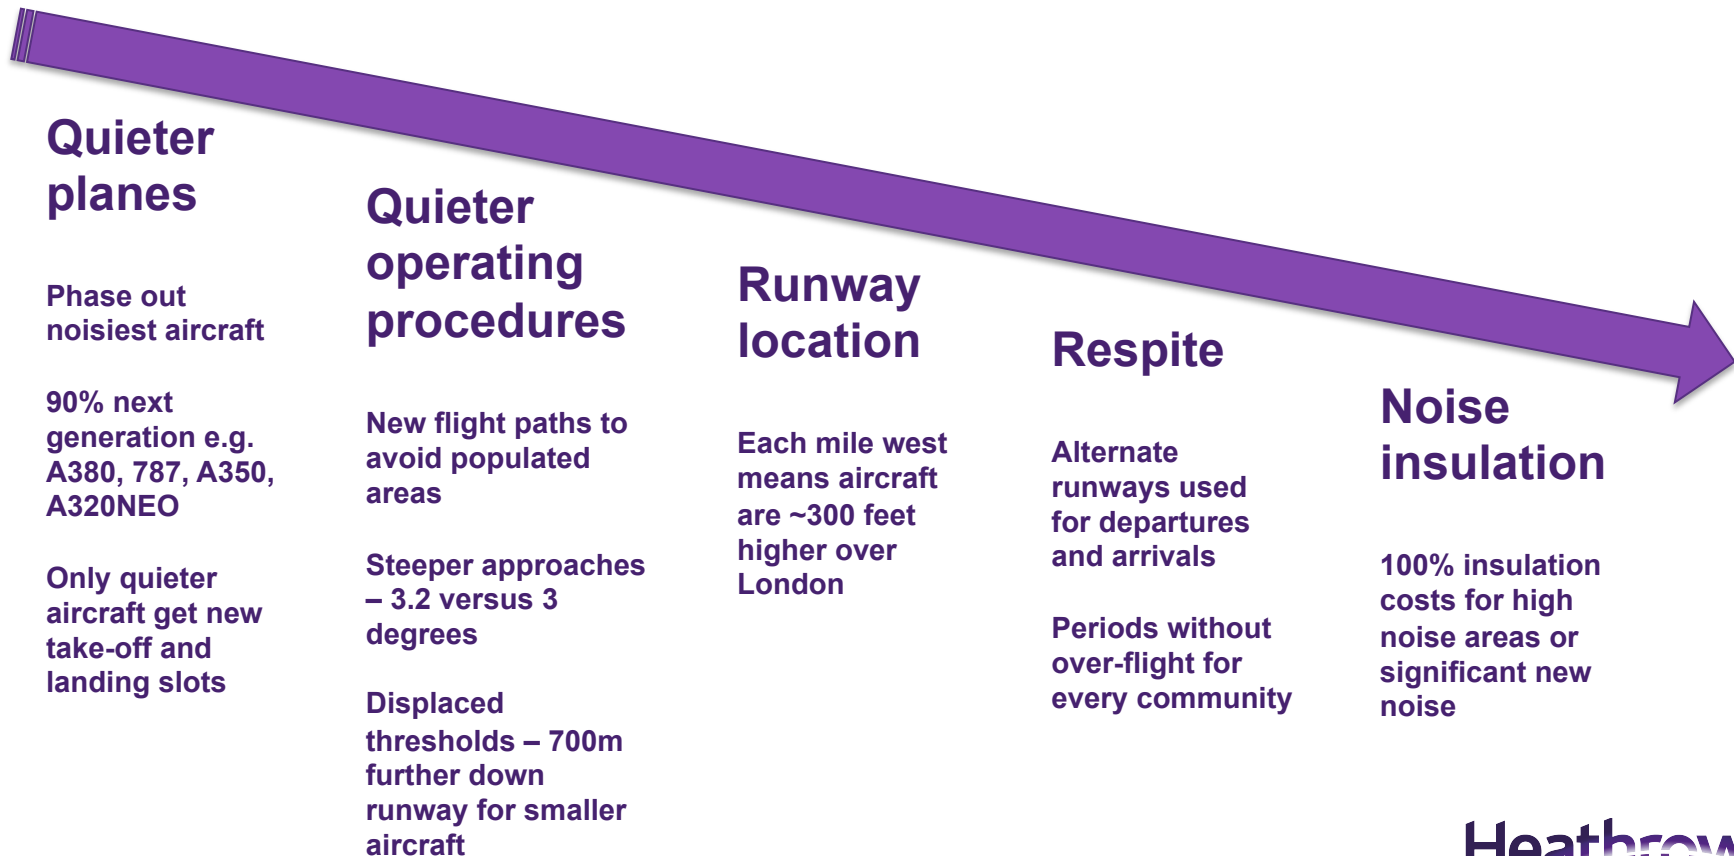

Tech companies

Heathrow
Making every journey better

Heathrow will get quieter

Even with a third runway, there will be around 10-30% fewer people within Heathrow's noise footprint than today.

Heathrow Community Investment

Heathrow's community investment programme aims to support the economic prosperity of the communities surrounding the airport: Ealing, Hillingdon, Hounslow, Slough & Spelthorne.

The key objectives are to:

Support skills development to reduce local unemployment.

Raise awareness of high quality careers to young people, their parents and wider job seekers.

Positively engage with local schools, colleges and universities.

Help business grow.

Engaging with the Heathrow community

Heathrow
Primary School
Construction Challenge

Sharing Heathrow's learning from the design, development and construction of our new Terminal 2.

Heathrow
Secondary School
Engineering Challenge

Heathrow Business Summit

Connecting to growth

Small and Medium Enterprises

Connecting business to each other

Connecting business to the airport

Connecting business to the world

It's surprising where you can get to from Heathrow.

The Heathrow Academy takes people working locally a whole lot further. From career advice and education through to on-the-job training, qualifications and full-time careers. Nearly half of Heathrow's 76,000 employees live in the surrounding five boroughs, raising local employment and helping our business partners support the community. With over 200 businesses on site, and access to potential employers beyond, who knows where Heathrow could take you.

Heathrow
 Making every journey better

1

The promise of new apprenticeships and skills

Heathrow expansion will double the number of apprenticeships across the airport to 10,000 and extend programmes to champion employability skills training in schools

2

The promise of new jobs

Heathrow expansion will create more than 120,000 new jobs and has the potential to end youth unemployment in the five local Heathrow boroughs

3

The promise of connecting every economic centre in the UK to growth

Heathrow expansion will help rebalance the UK economy by connecting all of the UK's regions and nations to growth markets

4

The promise of new trade and exports

Heathrow expansion will enable a significant increase in UK exports to close the gap between the UK and our European competitors

5

The promise of a cleaner and quieter Heathrow

Heathrow expansion will keep CO₂ emissions within UK climate change targets, meet local air quality limits and cut the number of people affected by noise by at least 200,000
